

LUKE LEE

MCEL Program Director

Mr. Luke Lee is a seasoned professional with a wealth of experience dedicated to engaging students, families, schools, and community members to advance the success of all students. Throughout his academic career, Mr. Lee has developed strong professional and personal relationships with students and families across the KC Metro area. His extensive background includes teaching Second Grade and serving as a district Family and Community Engagement Coordinator.

Mr. Lee is deeply committed to the critical role that community relations play in education. He firmly believes in the power of partnerships among school leaders, educators, support staff, families, and community members as essential to fostering student success. His approach is centered on building robust school climates and cultures that empower educational leaders to bring their authentic selves to their work each day, thereby cultivating successful habits in students.

With his extensive experience and unwavering passion for education, Mr. Lee is well-equipped to sustain and elevate the essential qualities required to ensure the success of school leaders, students, families, and the broader community. Supported by his wife, Julia, and their two children, Adley and Ezekiel, Mr. Lee is committed to strengthening school climates and cultures through relationship-driven leadership.
